Carter Wolf
Caiti Wyrwas

SPECIAL THANKS:

BHS Administration, BFAB and parent volunteers, Chris Howard, Paulla Houston, Adam Peters, Carmen Fish, Lisa Fiedler, Monica Fink, Julie Fee, Mike Dynes, Chris Saito, Megan Cooney

Ava Abbott

Ava is a band member who has been in Audio Intensity for two years and Surround Sound for one year. After high school, she will be attending the University of Illinois at Urbana-Champaign to major in astronomy. She is proud of becoming better at the bass guitar. "As an upright, string bass player, it was satisfying to learn the electric version of the instrument." She is proud of everyone's perseverance. "This has been a rough year for everybody, so I am proud that we have been able to come together and perform despite the difficulties." Her favorite memory is playing somebody's Nintendo Switch on the projector in the high school band room with the entire show band in between shows at our home competition. "It was a really fun day."

Charlotte Barnes

Charlotte is a band member who has been in Surround Sound for three years. After high school, she will be attending Iowa State University to major in biology and a minor in Spanish. "I would like to be a researcher, but anything in the biology field will be good." She is proud of her growth as a musician and her ability to open up to friends around her, along with meeting some wonderful people. She is proud of our ability to have fun as a band while still playing some good music, "I really love hearing our songs come together." Her favorite memory is either "Tony" or winning best band for the first time last year. "Both events were really fun, and best band was a really proud moment for me."

Riley Capper

Riley is a singer/dancer and has been in Surround Sound for one year and Audio Intensity for one year. After high school, he will be attending the University of Northern Iowa to major in music education in hopes of becoming a band director in the future. He is proud of taking the leap and actually being a singer and dancer. "It took a lot of thought, but I am glad that I did it." He is proud of the adversity we've overcome this whole year in order to be able to get to perform with one another. His favorite memories are his first performance of show choir as a whole, back when he was in show band for Audio Intensity and stepping on stage to perform for the first time as a singer and dancer at Liberty.

Luke Carroll

Luke is a singer/dancer and has been in Surround Sound for two years. After high school, he will be attending Iowa State University to major in business and sports management. He is proud that he chose to do show choir because it's been a really amazing time and he's met some of his best friends in show choir. He is proud of his team for how far we've come over the years from watching his sisters to where we are now. "It's so cool to see how this group is always improving." His favorite memory is last year after finals at North. "It was just an amazing feeling and everyone was so proud of what we did."

Maker Cervantes

Maker is a singer/dancer and has been in Surround Sound for one year and in Audio Intensity's band for two years. After high school, he will be attending Iowa State University to major in bio-renewable resource engineering. He is proud of trying out to be a singer/dancer his senior year after being in the band for two years. He is proud of his team still pushing through this year even though it's been really rough. His favorite memory is singing the ballad for the first time this year and getting chills.

Madelyn Cline

Madelyn is a band member who has been in Surround Sound for two years. After high school, she will be attending Brigham Young University (BYU) Provo and going into either nursing or enrolling in a PA program to continue involvement in the medical field. She is proud of her growth in playing her instrument and the friendships she formed while spending time here. She is proud of the effort our team put in for every single performance, leaving it all out on the stage. "Especially this year with so many restrictions, I think we have come so far!" Her favorite memory is all of the bus rides, hanging out, and getting food afterwards (technically the next morning).

Rheanna DeCrow

Rhea is a singer/dancer and has been in Surround Sound for one year. After high school, she will be attending Ithaca College in New York to major in journalism and music education while also playing golf. She is proud of the confidence she has gained from putting herself in an uncomfortable situation and succeeding. She is proud of the amount of effort and passion the team has displayed even through this tough year. Her favorite memory is her first performance at Liberty when we all came together and put on an amazing show.

Cooper Dittmer

Cooper is a band member who has been in Audio Intensity for one year and Surround Sound for two years. After high school, he will be attending Iowa State University to major in computer science. He is proud of having fun while still learning and improving musically. He is proud of how well we all work together and strive for improvements. His favorite memory is winning best band last year.

Logan Duin

Logan is a singer/dancer who has been in Audio Intensity for two years and Surround Sound for two years. After high school, he will be attending St. Ambrose University to major in music education. He is proud of becoming a better singer and dancer while also learning that he doesn't have to keep himself in a box and he can be himself. He is proud of the work we've put into our show to progressively get better; even when we don't feel 100%, we still give it our all. His favorite memory is every single one he has because each one has been memorable in its own right. "I'll cherish every single memory of my time spent in the show choir world."

Topher Elliot

Topher a singer/dancer who has been in Surround Sound for two years. After high school, he will be attending Drake University to double major in vocal performance and music education with minors in Italian and business. He is currently working on an album and would love to be a singer to tour, perform, and share his art with those who need it or may just like it. He is proud of his vocal growth. His belting has become a lot more supported thanks to his breath support which he is also very proud of. On top of belting, his falsetto is also more developed and reliable than it used to be. He is so proud of his team for the constant effort and willingness to work and persevere through these trying times. Music means so much to all of us so the fact that we aren't just giving up or letting this year get the best of us means a lot. His favorite memory is "After our first show this year at Liberty, Mrs. Cooper let me sit in the seat across from her and interview her about what it is like to be a music educator. It is my favorite because she was so willing to be helpful, listen, push me in the direction of what is best for me, and encourage me to be myself regardless of anything else. I would just like to thank her for everything from the bottom of my heart."

Havyn Fish

Havyn is a singer/dancer who has been in Surround Sound for four years. After high school, she will be attending Drake University to major in music education with a possible double major in vocal performance and a minor in theatre. She is proud of her development, maintaining so many amazing friendships, and growing into a better person because of show choir. She is proud of our attitude and success during the 2019-2020 season. That was her favorite show choir season because we all worked extremely hard and had a very successful season and also had so much fun while doing it. She made so many unforgettable memories and friendships and she has all of her wonderful team members to thank for that. Her favorite show choir memory is decorating for Rhythm on the Riverbend in 2020. "Most of the night, I sat in the hallway and blasted One Direction while occasionally helping with decorations (sorry to my show choir family members). I remember dancing a lot with Julia and running to get Jimmy John's for everyone with Laurel. Plus, our room looked awesome when we were done, even if I only helped with hanging streamers."

Samantha Foht

Samantha is a singer/dancer who has been in Audio Intensity for two years and Surround Sound for two years. After high school, she will be attending either the Coast Guard Academy, Central College, or Nebraska Wesleyan. Eventually, she would like to join the FBI and work on crimes against children or homicides. She is proud of how she learned to be creative and add style to her dancing and singing. She is also proud of her continuous hard work. She is proud of her team for always striving to be our best and never settling. She is also proud of how much passion every person has for what we do because you can really see that when we perform. Her favorite memory is junior year vocal camp, when we all sang "Where am I Now" around the piano. "Our sound was so strong and everyone just felt chills. I will never forget that feeling." Another favorite memory of hers is the dance break last year. "The energy was always electric."

Ty Gross

Ty is a band member who has been in Audio Intensity for two years and Surround Sound for one year. After high school, he will be attending college for computer science. He is proud of how he has improved a lot musically and had so much fun in the process. He is proud of his team for always doing well, working together, and pushing through challenges. His favorite memories are competitions. "They are a great time to have fun and meet other people from all over the region."

Jackson Mendez

Jackson is a singer/dancer who has been in Audio Intensity for one year and Surround Sound for one year. After high school, he will be attending Scott Community College for welding. He is proud of the progress he's made and how we stuck together during this year and still put out a show. His favorite memory is the feeling of first seeing all the teams at finals.

Hally Michaelis

Hally is a singer/dancer who has been in Audio Intensity for one year and Surround Sound for three years. After high school, she will be attending Iowa State University to major in environmental engineering. She is proud of how much she has been able to grow in her confidence as a performer and as a person. She is proud that we have been able to put together a great show this year despite this year's obstacles and setbacks. "Some of the best memories come each year when we sing through the ballad with our eyes closed for the first time and you get that feeling of 'this is what show choir is really about!'"

Ethan Shephard

Ethan is a band member who has been in Audio Intensity for three years and Surround Sound for one year. After high school, he will be attending Iowa State University to major in business management and minor in music. He is proud of how much show choir has helped him grow as a musician. "It has faced me with new challenges and experiences I would not have gotten any other way which has helped me grow my musical abilities." He is proud to see how so many people can come together to produce such a quality show. "Every year I have been part of the program, it has never failed to amaze me how well our team can do when we all try our best and put in hard work." His favorite memory is when they met Tony (Eric's doppelganger). "It was funny because when we were eating in the food area, we saw a picture of one of the graduating seniors from the school and thought it looked exactly like Eric. The best part is when we found him, Eric got to take a picture with him. This was all-around a super funny experience and one of my favorites I can remember."

Katelyn Skillett

Katelyn is a singer/dancer who has been in Audio Intensity for one year and Surround Sound for three years. After high school, she will be attending St. Ambrose University to major in music education. She is proud of how she has grown as a musician and as a leader and teammate. "Because of the opportunities Mrs. Cooper has given me, my leadership, communication, and team-working skills have grown tremendously." She is proud of the family-like atmosphere we have created. "Everyone is quick to help each other and build each other up. Additionally, everyone is friendly and approachable, which creates such a warm environment, especially for newcomers. I'm also really proud that we are such amazing performers and take feedback really well." Her favorite show choir memory is sophomore year at Keokuk, right after we performed during the daytime. "We were all SO EXTREMELY proud of how we performed, and we went outside and just screamed and jumped with joy and yelled out our cheer (and got quite a few stares). I have never felt so proud to be a part of a team than at that exact moment. (We also ended up getting 2nd place at that comp which was super cool) "

Carter Wolf

Carter is a band member who has been in Audio Intensity for three years and Surround Sound for two years. After high school, he will be attending Iowa State University to major in mechanical engineering and minor in music. He is proud of the time he played violin for Audio Intensity, "That was a fun time." He is proud of how he has improved a lot musically and had much fun in the process. He is proud of the senior rhythm section we have, and we had some big shoes to fill and did it very well. His favorite memory is taking "da conga on da bus."

Caiti Wyrwas

Caiti is a band member who has been in Audio Intensity for one year and Surround Sound for two years. After high school, she will be attending Iowa State University major in a health science field. She wants to become a science teacher or work in a hospital. She is proud of learning all the music so quickly and being able to perform it. She is proud of everyone being able to work together so well to create an amazing show every year. Her favorite memories are getting to hang out with all of her friends and having fun playing music. Her favorite memory is winning best band during the 2019-2020 season.

THANK YOU, SENIORS!
